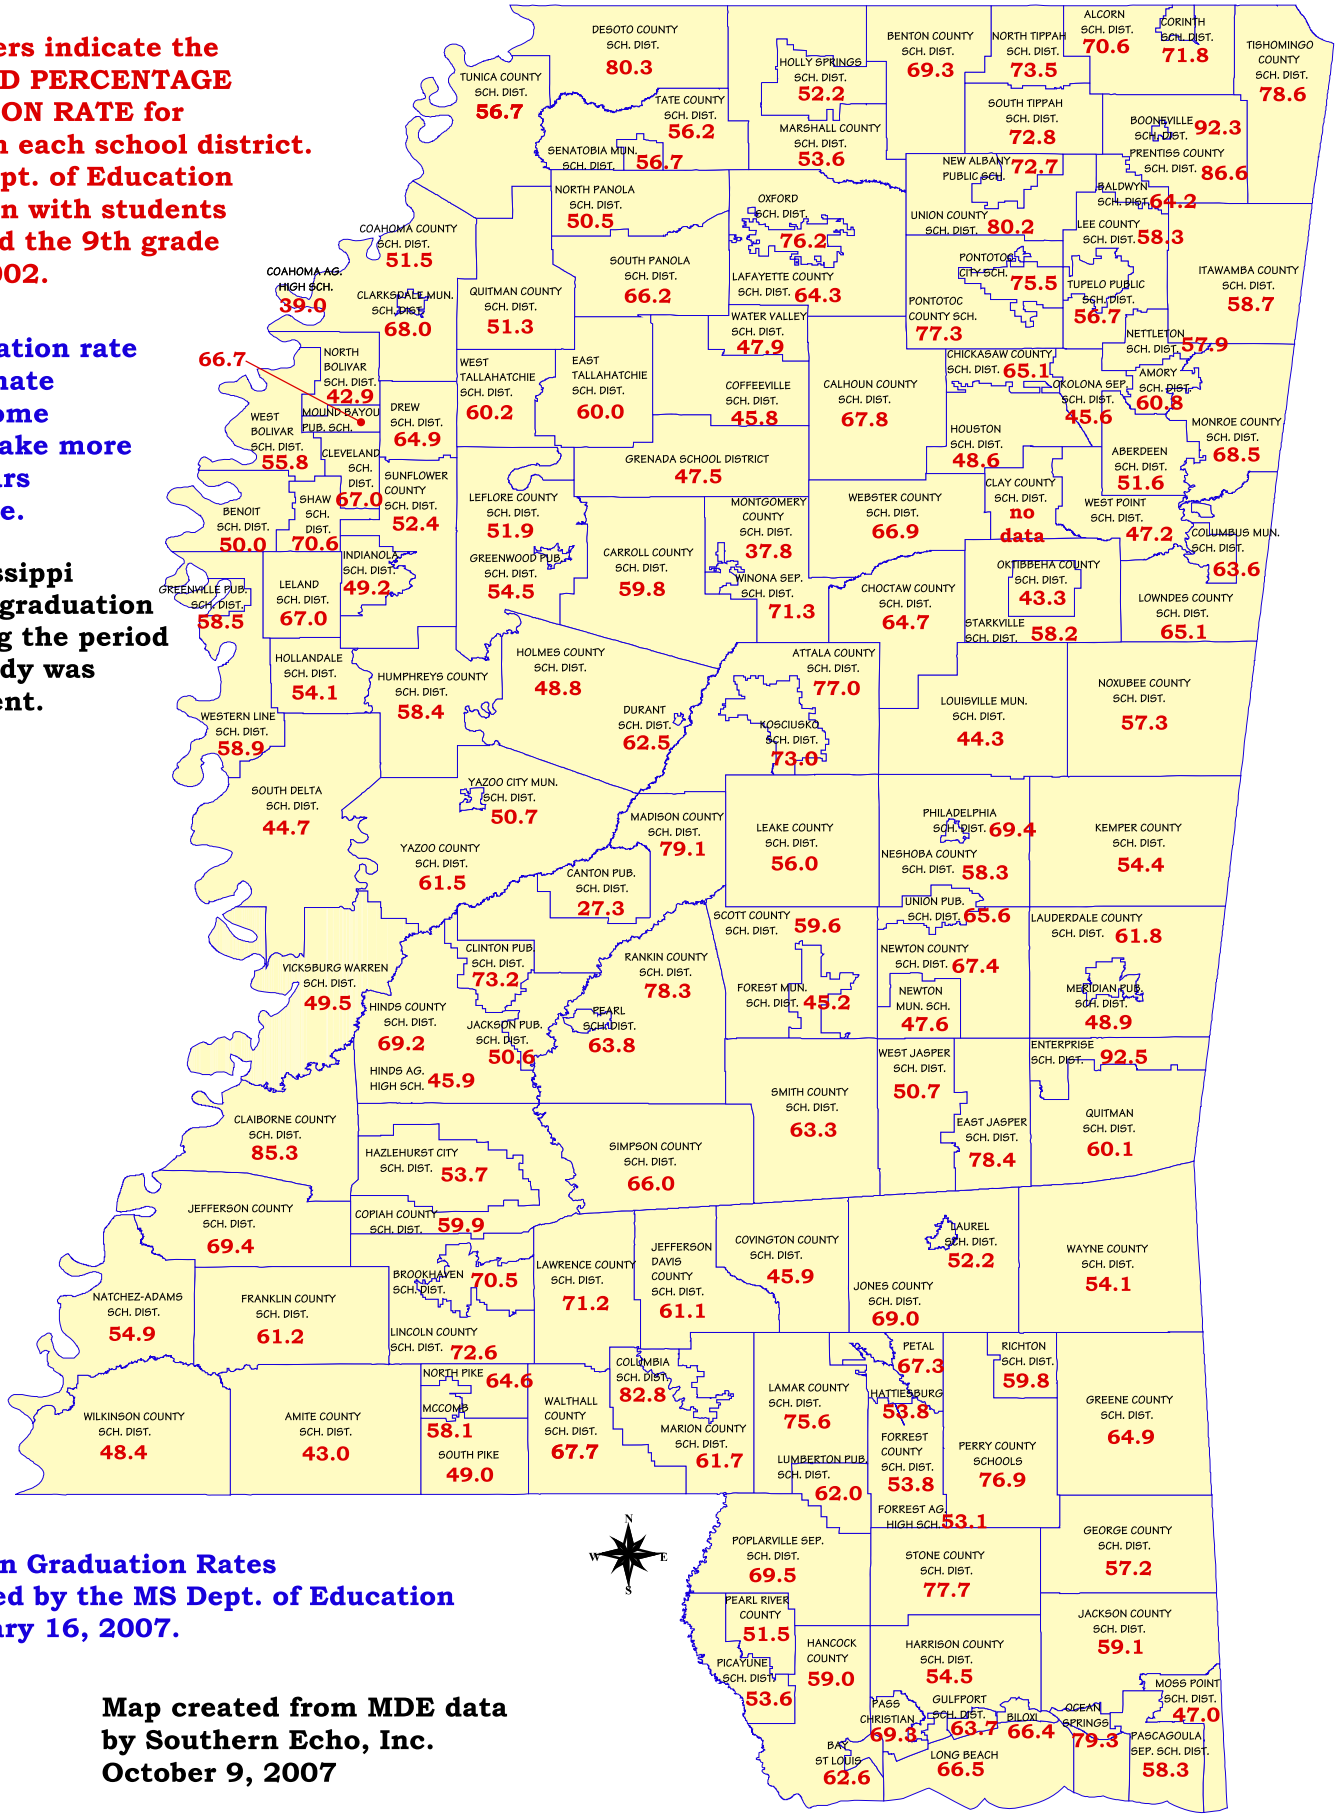
MISSISSIPPI STUDENT GRADUATION RATE ESTIMATES by MISSISSIPPI SCHOOL DISTRICTS based on a 4-YEAR COHORT STUDY BEGINNING 2001-2002

Note:
Red numbers indicate the ESTIMATED PERCENTAGE GRADUATION RATE for students in each school district. The MS Dept. of Education study began with students who started the 9th grade in 2001-2002.

The graduation rate is an estimate because some students take more than 4 years to graduate.

The Mississippi statewide graduation rate during the period of this study was 61.1 percent.



Data on Graduation Rates released by the MS Dept. of Education February 16, 2007.
