

Mississippi Census Bureau Partnership Specialists

This map illustrates the location of the Mississippi Census Bureau Partnership Specialists, each of whom is responsible for the counties as indicated on this color-coded map.

The Partnership Specialists have responsibility for outreach to communities to share information, tools and skills so that citizens and organizations can effectively participate to generate an accurate census count.

Each color-coded region has been given a number so that you can find the name and contact information for each specialist by matching the number on the map to the specialist contact information set forth below.

Census Bureau Partnership Specialist Contact Information:
