Offer, during the probationary period, technical assistance to the school district in making corrective actions. Beginning July 1, 1998, subject to the availability of funds, the State Department of Education shall provide technical and/or financial assistance to all such school districts in order to implement each measure identified in that district's corrective action plan through professional development and on-site assistance. Subsequent to its 245 consideration of the results of such hearing, the Commission on 246 School Accreditation shall be authorized, with the approval of the 247 State Board of Education, to withdraw the accreditation of a public school district, and issue a request to the Governor that a 248 249 state of emergency be declared in that district.

- If the State Board of Education and the Commission on School Accreditation determine that an extreme emergency situation exists in a school district which jeopardizes the safety, security or educational interests of the children enrolled in the schools in that district and such emergency situation is believed to be related to a serious violation or violations of accreditation standards or state or federal law, or when a school district meets the State Board of Education's definition of a failing school district for two (2) consecutive full school years, the State Board of Education may request the Governor to declare a state of emergency in that school district. For purposes of this paragraph, such declarations of a state of emergency shall not be limited to those instances when a school district's impairments are related to a lack of financial resources, but also shall include serious failure to meet minimum academic standards, as evidenced by a continued pattern of poor student performance.
