MISSISSIPPI STUDENT GRADUATION RATE ESTIMATES
by MISSISSIPPI SCHOOL DISTRICTS based on a
4-YEAR COHORT STUDY BEGINNING 2001-2002

Note:
Red numbers indicate the ESTIMATED PERCENTAGE
GRADUATION RATE for students in each school district.
The MS Dept. of Education study began with students
who started the 9th grade in 2001-2002.

The graduation rate is an estimate because some
students take more than 4 years to graduate.

The Mississippi statewide graduation rate during the period
of this study was 61.1 percent.
