This MAP shows the amount of MAEP dollars [shown in RED] that each school district would lose if MAEP funding is reduced by 4 percent.

The losses to each school district would have to be apportioned on the basis of the Average Daily Attendance (ADA) in each district, subject to additional equity factors that are incorporated into the MAEP formula.

The data for this map was derived from the MS Dept. of Education table dated Oct. 29, 2008 and entitled, "FY 2009 Allocations - With Reductions Applied".

This map was prepared November 2, 2008 by Southern Echo, Inc., Jackson, MS 601-982-6400 souecho@southernecho.org www.southernecho.org
