

Las Vegas and Reno, Nevada: Percent Hispanic Population by Voting Precincts (2000 Census)

THIS MAP FOCUSES ON THE NEVADA CITIES OF LAS VEGAS AND RENO. THE MAP DEPICTS THE VOTING PRECINCTS IN EACH CITY AND THE HISPANIC POPULATION PERCENTAGE IN EACH VOTING PRECINCT. THE MAP ALSO SHOWS THE HISPANIC POPULATION OUTSIDE EACH CITY.

THE PRECINCTS ARE OUTLINED IN BLUE. THE HISPANIC POPULATION DATA COMES FROM THE 2000 CENSUS COUNT DATA AND IS PRESENTED AT THE "BLOCK GROUP" LEVEL. THE LINES OF THE BLOCK GROUPS ARE NOT SHOWN TO AVOID ANY CONFUSION WITH THE LINES OF THE VOTING PRECINCTS.

THE TERM "HISPANIC" IS A TERM USED BY THE CENSUS BUREAU IN CONNECTION WITH THE CENSUS COUNT EVERY 10 YEARS. THE TERM HISPANIC INCLUDES ALL OF THE PERSONS WHO IDENTIFY THEMSELVES IN THE CENSUS COUNT AS HISPANIC, USING THIS CENSUS BUREAU DEFINITION (MAY 2008):

"THE QUESTION ON HISPANIC ORIGIN ASKS RESPONDENTS IF THEY ARE SPANISH, HISPANIC, OR LATINO. STARTING WITH CENSUS 2000 THE QUESTION ON RACE ASKS RESPONDENTS TO REPORT THE RACE OR RACES THEY CONSIDER THEMSELVES TO BE. THUS, HISPANICS MAY BE OF ANY RACE."
