

## 2008 CONSOLIDATED FEDERAL FUNDS REPORT – STATE OF MISSISSIPPI

Every year the US Government provides to states, counties and municipalities *grant funds* that are allocated on the basis of the census count. When there is an *undercount* communities lose funds to which they are entitled. The latest available *federal grants data* is for fiscal year 2008. That data is posted on the Census Bureau website by state and by counties within each state. To access this data use this link: <http://harvester.census.gov/cffr/asp/Geography.asp>. This compilation was prepared by Southern Echo.

The federal grants for each of Mississippi’s 82 counties are set forth in the following pages.
