

MS Critical Teacher Shortage School Districts 2008-2009 School Year

The Critical Teacher Shortage data was developed by the Mississippi Teacher Center within the MS Dept of Education pursuant to the Mississippi Critical Teacher Shortage Act. The MDE looks at approved subject-area shortages and then at districts displaying the greatest needs in those areas. This list includes 48 of the 152 Mississippi school districts, which represents 31.6% of the districts.

County Locations **School Districts**
