The MS Legislature mandated that every child must learn to read on grade level by the 3rd grade.

The MS Legislature mandated that it is the duty of schools to educate each child to read on grade level by the 3rd grade.

Therefore, each child has the right to learn to read and to read to learn by the 3rd grade.

All parents and guardians have the right to fight for their children to receive the literacy interventions and supports to which their children are mandated to receive under the law.

All language arts teachers and administrators are entitled to literacy training and supports under the law to enable them to teach literacy to their students.

Therefore, the legislature must fund our schools to the extent necessary to ensure on-grade literacy for every child as mandated by the law.

All education stakeholders must work together to make this happen.

IF NOT US, THEN WHO?
